TICKET SALES

The 2021 season planning was done with great uncertainty during the pandemic. However, the ticket sales and revenue are surprisingly similar to 2019. Parallel 45 Theatre saw a 15% increase in audience growth. Largely due to 500 more guests attending Sound of Music vs. HAIR. The net ticket revenue in 2021 was almost identical to 2019. This is due to lower average ticket prices in 2021.

Key Factors

- Theatre capacity in 2019 was 148 seats. There was an unlimited capacity on the lawn in 2021. A few performances saw 250 guests.
- Ticket prices (especially for the musical) decreased in 2021 due to Covid and uncertainty of production value during season planning
- UGLY far exceeded our expectations both in attendance and ticket revenue
- The second season in the tent provides us with an even greater understanding of P45's current audience size and revenue share in the market. Reserved seating under the tent will limit the capacities of future seasons, but I'm still confident P45 can see 7-15% audience growth over the next three years.

SUBJECT: 2021 Annual Report: Civic Center South Park

DATE: November 4, 2021

The Civic Center South (C.C.S.) Park Authority Board of Directors wishes to offer sincere appreciation to the Grand Traverse County Parks and Recreation Board and the Grand Traverse County Commission for support of the Civic Center South Park during 2019, 2020, and 2021 and offers this Annual Report with hope that the Grand Traverse County Parks and Recreation Board and the Grand Traverse County Commission will again see clear to fortify and enhance recreational opportunities for families of southern Grand Traverse County during the 2022 year.

Please find attached the C.C.S. 2020/21 Audit Report (#1), the C.C.S. 2020/21 Expense Report (#2), and the C.C.S. 2020/21 budget (#3).

Scheduling records (#4a) establish that C.C.S. park use increased dramatically during 2021 in comparison with 2020, as is corroborated by a random photograph (#4b) taken of the vehicle parking situation on a typical 2021 Summer Soccer League night. The return of the annual Kingsley Heritage Days celebration to the C.C.S. park (August 27, 28, 29, 2021), replete with a Carnival, was another demonstration of the manner in which the Authority continues its efforts to make the park an all-purpose recreational option for all Grand Traverse County families.

The attachment (#5) photograph confirms that the contract requirement of public recognition of Grand Traverse County support of the C.C.S. park was addressed through the installation of an entrance sign announcing such support.

The Civic Center South Park continues to exist as a "treasure" of Public Service to the families of the southern portion of Grand Traverse County and the Authority continues to strive in its effort to proactively plan for facility maintenance and upgrades. Attachment (#6) reflects one of eight Bleacher Sets that the Authority purchased in 2021 with funds appropriated per the 2021 contract for a total expenditure of \$22,000.00 for the eight Bleacher sets.

The current annual appropriation amount of \$20,000.00 per year for the past three years is greatly appreciated by the C.C.S. Authority. It is the proposition of the C.C.S. Authority that the contract appropriation for the year of 2022 be increased to \$40,000.00.

SPECIAL NOTE: It is also the hope of the C.C.S. Authority that consideration be given by the Grand Traverse Parks and Recreation Board and the Grand Traverse County Commission for

an annual appropriation of \$40,000.00 to be supplemented on a one-time basis with a yet to be determined amount, based upon yet to be determined systems of allocation, utilizing Federal Covid-19 Relief Funds to address Capital Improvement needs for the Civic Center South park that far exceed the current annual C.C.S. budget.

This request for increased funding for 2022 (i.e. annual appropriation and also a one-time Covid-19 Relief appropriation) is predicated based upon the following projected Capital improvement needs as listed with either quoted or estimated costs.

PROJECTED CAPITAL IMPROVEMENT EXPENSES

ITEM	AMT.	TOTAL	REFERENCE
Concrete Pads	8	\$15,000.00	Attachment #7
Diamond Recondition	2	@ \$ 1,000.00	Attachment 8a & b
Walking Trail Asphalt Reconstruction	75 yds. X 10 Ft. X 2 Inches	\$15,000.00	Attachment 9a,b,c
B-Ball/Tennis Court Resurface. 2 inch layer		\$64,500.00	Attachment 10a,b,c,d
Entry road and circle Pulverize/ 2 course. 3 inches		\$130,355.00	Attachment 11 a & b
Dog Park Fence		\$ 14,280.00	Attachment 12
(Note: A Dog park is conceptual at this point and has not yet been approved by the Authority as an added feature at the park.)			

The program references in this report are in no way all-inclusive as many excellent activities such as the Winter Ice Rink program, the United Methodist Church Summer weekly family night program and the Kingsley Village Library reading events also find their home at C.C.S. and exemplify the ever increasing discovery of C.C.S. by various Community Service groups and agencies that realize the excellent quality of life improvement made possible by the C.C.S. park facilities.

Your consideration of this Annual Report is greatly appreciated.

Yours in Community Service,

 Charlie Jetter, Chair
 Civic Center South Park Authority Board of Directors.

Natural Education Reserve: City of Traverse City Ownership Map

January 13, 2022

Mr. Chip Kosloski, FHGP Manager
Grants Management Section
Michigan Department of Natural Resources
P.O. Box 30425
Lansing, MI 48909-7925

Dear Mr. Kosloski:

The Grand Traverse County Parks & Recreation Commission enthusiastically supports the Grand Traverse Conservation District's Fisheries Habitat Grant Program (FHGP) application to restore two severely eroding banks along the Boardman River within the former backwaters of Keystone dam.

These sites totaling over 200 feet in length, fall within the County's 525-acre Natural Education Reserve (NER) which recently went under tremendous change with the removal Boardman Dam (2017) and Sabin Dam (2018). Together, with the removal of the City of Traverse City owned Brown Bridge dam 10 years ago made up the largest dam removal effort in Michigan's history. Keystone Dam washed out in 1961 and was located immediately upstream of Boardman Dam.

When Keystone Dam washed out 60 years ago, it pretty much took a straight path around the west side of the former impoundment. Over the decades since, the river has created a few meander bends allowing many of the banks to heal naturally. Several others have been actively restored using primarily rock riprap and bank shaping. Others still show signs of instability. The instability is caused by many factors including steep gradient, human foot-traffic, removal of downed trees to allow for safe navigation, and loose unconsolidated sediments that were deposited during the 50 years the dam was in operation.

This section of the Boardman River also contains the steepest gradient found on the Boardman River system and possibly northwest lower Michigan and is the reason why the dams were constructed so close together in the late 1800 and early 1900's. According to the MDNR's Boardman River Assessment, "the Keystone Rapids are considered unique and rare in the lower peninsula of Michigan" and are very popular to those seeking the thrill of whitewater paddling. The surrounding NER public parkland contains nearly 8-miles of recreational trails.

Once again, Grand Traverse County Parks & Recreation appreciates and the supports the Grand Traverse Conservation District's proposal to restore over 200 feet of eroding bank. If you have any questions I may be contacted by email at alisakorn@gmail.com or by phone at (231) 922-4818.

Sincerely,

Alisa Korn, President
Grand Traverse County Parks & Recreation Commission

Re: Ownership of Twin Lake Park

Date: 1-13-2022

Ryan,

As you know I'm spending the winter on the Gulf of Mexico as I do each winter. I did watch the recent meeting of the County and I've reviewed the Long Lake Township proposal and request for a transfer of deed.

Most, if not all, of the identified activities already take place at the Park - people don't realize the amount of community activity that takes place there.

I could not - and would not - support this action and would like for you to share this with the proper County Officials.

Respectfully,
Chazz McCall
