Project Summary

The TC Curling Club has acquired the former Kmart property and is in the process of redeveloping the property for the popular sport of curling, as well as additional private redevelopment with the balance of the property.

This Brownfield Plan will provide incremental tax revenues to repay certain Eligible Activities, including environmental due diligence and due care, lead and asbestos abatement, and demolition, that are critical to the economic viability of the redevelopment.

Environmental investigations have identified the presence of contaminants in soil and groundwater exceeding EGLE Generic Cleanup Residential Criteria and a Baseline Environmental Assessment has been prepared and submitted to EGLE. As a result, the property is a Part 201 Facility and qualifies as Brownfield Eligible Property under Act 381.

BROWNFIELD PLAN
FORMER KMART REDEVELOPMENT
CHARTER TOWNSHIP OF GARFIELD, GRAND TRAVERSE COUNTY, MICHIGAN
GRAND TRAVERSE COUNTY BROWNFIELD REDEVELOPMENT AUTHORITY

1.0 INTRODUCTION

Act 381, P.A. 1996, as amended, was enacted to promote the revitalization, redevelopment and reuse of contaminated, tax reverted, blighted, functionally obsolete, or historically designated property through incentives adopted as part of a Brownfield Plan. The Brownfield Plan outlines the qualifications, costs, impacts, and incentives for the project.

The Brownfield Plan must be approved by the county brownfield redevelopment authority established under Act 381 and the county board of commissioners, with the concurrence of the local government in which the project is located in order to take effect. The Michigan Department of Environment, Great Lakes and Energy (EGLE) must approve the Environmental (“Department Specific”) Eligible Activities, with the exception of Baseline Environmental Assessment activities and Due Care Investigation and Planning; and the Michigan Strategic Fund (MSF) must approve Non-Environmental Eligible Activities if state taxes are to be captured.

The Grand Traverse County Commission established the Grand Traverse County Brownfield Redevelopment Authority under the procedures required under Act 381 in 1997.

This Brownfield Plan is for the redevelopment of the former Kmart property at the Cherryland Mall at Garfield and S. Airport Road in the Charter Township of Garfield, Grand Traverse County, Michigan, consistent with Act 381. The Brownfield Plan describes the public purpose and qualifying factors for determining the site as an Eligible Property, the Eligible Activities and estimated costs, the impacts of tax increment financing, and other project factors.

1.1 Proposed Redevelopment and Future Use for Each Eligible Property

The proposed redevelopment will adaptively reuse the 85,345 FT² former Kmart building at the Cherryland Mall into a state-of-the-art curling club by The Traverse City Curling Club and other uses. The curling facility will occupy approximately one-third of the Kmart building and the other two-thirds will be renovated for private use with complementary uses, including food service, retail, and recreation, that will generate the available property tax revenue. In addition, there are outlots that are anticipated to be split on the Eligible Property, sold and

developed that will generate additional property tax revenues that will contribute to the capture of tax increment revenue under this Brownfield Plan.

The property is zoned C-P Planning Shopping and is governed by the zoning ordinance of the Charter Township of Garfield.

The estimated private investment is anticipated at \$6,000,000. The development is anticipated to provide up to 15 jobs. The project is located in the Charter Township of Garfield, which is not a Qualified Local Governmental Unit (QLGU).

1.2 Eligible Property Information

The Eligible Property includes one parcel, as described below:

Parcel Number	Address	Description	Acreage	Qualifying Status

1.3 Public Purpose *MCL 125.2664(5):*

The adaptive reuse of the former Kmart building and the development of addition businesses on the property will redevelop a vacant functionally obsolete building into a vital community recreation facility with additional associated business, increase property taxes, provide employment, and create spinoff redevelopment.

2.0 INFORMATION REQUIRED BY SECTION 13(2) OF THE STATUTE

2.1 Description of Project and Plan Costs *MCL 125.2663(2)(a):*

The project includes the adaptive reuse of the former Kmart building and additional business development on the property. The Brownfield Plan includes Environmental and Non-Environmental Eligible Activities:

Environmental Eligible Activities include:

- Baseline Environmental Assessment Activities
 - Phase I Environmental Site Assessment
 - Phase II Environmental Site Assessment
 - Baseline Environmental Assessment
- Due Care Activities
 - Due Care Investigation, Planning and Documentation
 - Due Care Response Activities

Non-Environmental Eligible Activities include:

- Lead and Asbestos Abatement
- Demolition

Other Eligible Activities include:

- Brownfield Plan development and approval;
- Administrative and operating costs of the GTCBRA with local tax capture only.

ELIGIBLE ACTIVITY SUBTOTAL	\$92,230	\$702,650	\$794,880
Brownfield Plan Development and Approval	\$3,000	\$20,000	\$23,000
<i>TOTAL ELIGIBLE ACTIVITY</i>	<i>\$95,230</i>	<i>\$722,650</i>	<i>\$817,880</i>

Additional detail is provided in Table 1.1: Environmental Eligible Activities and Table 1.2 Non-Environmental Eligible Activities.

The cost of Eligible Activities included in and authorized by this Brownfield Plan will be reimbursed with incremental applicable local and state tax revenue generated by the increased private investment on the Eligible Property and captured by the GTCBRA, subject to any limitation and conditions described in this Brownfield Plan and the terms of a Reimbursement Agreement between the Developer and the GTCBRA. State tax capture approval for Non-Environmental Eligible Activities is not anticipated because the project does not meet the Michigan Strategic Fund (MSF) criteria. While not anticipated, there are costs for Due Care Activities included in the Brownfield Plan as a contingency if development identifies contamination that must be managed. If so, an Act 381 Work Plan will be prepared and submitted to the Michigan Department of Environment, Great Lakes and Energy (EGLE) for Department Specific Environmental Eligible Activities. There are exemptions for automatic State tax capture approval for certain Eligible Activities, including Baseline Environmental Assessment and Due Care Investigation and Planning Activities.

The Eligible Activity costs included in this Brownfield Plan are estimated and may increase or decrease depending on the nature and extent of unknown conditions encountered on the Eligible Property or other circumstances. Reimbursement will be based on the actual cost of Eligible Activities approved under this Brownfield Plan and an Act 381 Work Plan if applicable, from Brownfield Tax Increment Financing (TIF) revenues captured by the Authority and shall be governed by the terms and conditions of the Reimbursement Agreement and Section 2 of Act 381 of 1996, as amended (MCL 125.2652). This Brownfield Plan and the Reimbursement Agreement establish the maximum Eligible Activity cost. Line-item Eligible Activity may be adjusted after the adoption of this Brownfield Plan with the approval of the Authority, as long as the total maximum Eligible Activity cost is not exceeded.

2.2 Summary of Eligible Activities *MCL 125.2663(2)(b):*

Act 381 provides for the costs of certain Environmental and Non-Environmental Eligible Activities to be reimbursed through tax increment financing. The following is a summary of Environmental Eligible Activities and Non-Environmental Eligible Activities.

EGLE Eligible Activities

1. **Baseline Environmental Assessment (BEA) Activities:** BEA Activities include a Phase I Environmental Site Assessment (ESAs), Phase II ESA, and a Baseline Environmental Assessment to provide an exemption for the developer from environmental liability for pre-existing contamination. Act 381 includes provisions for Baseline Environmental Activities to be conducted prior to the approval of a Brownfield Plan for local tax capture (Section 13b.(9)(b)) and for State tax capture without EGLE approval (Section 13b.(8)(a-b)), as long as included in a subsequent Brownfield Plan.

- A. **Phase I ESA:** A Phase I ESA has been conducted for the Eligible Property with ASTM Standard E1527-13 in February 2022. The Phase I ESA includes a review of historical and current information, including regulatory agency files, historical maps, and past uses to evaluate the potential for contamination, a site inspection of both the grounds and the exterior and interior of buildings on the property, and interviews with individuals knowledgeable about the past use of the property to identify any Recognized Environmental Conditions (RECs). The Phase I report identified the following RECs:

1. The presence of five underground hoists in the eastern portion of the building for former auto repair operations;

2. The presence of a pipe located in the northern corner of the southernmost former automotive repair bay that appeared to contain oil residuals.
 - B. Phase II ESA: A Phase II Environmental Site Assessment was conducted for the Eligible Property in March 2022 to investigate the RECs as part of the environmental due diligence process for property acquisition. Analysis of the soil samples identified the presence of Diesel Range Organics (DRO) and Oil Range Organics (ORO) with aesthetic observations (visual, olfactory, and PID evidence) of impact. While there were no exceedances of EGLE Generic Cleanup Criteria and the property does not qualify as Brownfield Eligible Property as a Part 201 Facility, there is evidence of a release and impact to soils.
 - C. Baseline Environmental Assessment: A Baseline Environmental Assessment (BEA) has been prepared on behalf of The Traverse City Curling Club, Inc. to provide an exemption from environmental liability for pre-existing contamination.
2. Due Care Investigation and Activities: While the BEA provides an exemption from environmental liability for pre-existing contamination, new purchasers have due care obligations to prevent exposure to or exacerbation of pre-existing contamination. Act 381 includes provisions for Due Care Investigation Activities to be conducted prior to the approval of a Brownfield Plan for local tax capture (Section 13b.(9)(b)) and for State tax capture without EGLE approval (Section 13b.(8)(a,c)), as long as included in a subsequent Brownfield Plan. There are three primary due care activities proposed under this Brownfield Plan:
- A. Due Care Investigation: Due to the presence of contaminated soils on the Eligible Property, additional investigation may be required to determine if exposure pathways are complete and if mitigation measures are required.
 - B. Due Care Planning and Documentation: Following the completion of the due care investigation and determination of the redevelopment details of each future land use, the data summary and recommendations for meeting due care obligations will be included in a Response Activity Plan/Due Care Plan. The Response Activity Plan/Due Care Plan will describe the known contamination, proposed redevelopment activities, plans for mitigating unacceptable exposures and preventing exacerbation, recommendations for filing abandon container notices, notices to third parties who may be exposed to contamination (e.g., utility workers), and filing of Notices of Migration of Contamination, if necessary. In addition, an Environmental Construction Management Plan will be prepared to detail measures to protect on-site workers and construction measures to meet due care

obligations. Once the due care measures are completed, Documentation of Due Care Compliance will be compiled.

C. Due Care Exposure Pathway Mitigation: The Response Activity Plan/Due Care Plan and Environmental Construction Management Plan will identify specific measures to be taken to address due care requirements. These activities could include soil remediation; developing and implementing a soils management plan to safely relocate soils on the property or remove soils for transport and disposal to a licensed landfill; and/or institutional controls if necessary. These measures will be subject to approval of an Act 381 Work Plan by the EGLE for State tax capture.

Other Activities

Brownfield Plan and Work Plan Preparation: The preparation and approval of the Brownfield Plan and Act 381 Work Plans are included as Eligible Activities. These costs are allocated between EGLE Environmental Eligible Activities and MSF Non-Environmental Eligible Activities.

Administrative and Operating Costs: An estimate of reasonable and actual administrative and operating costs of the Grand Traverse County Brownfield Redevelopment Authority (GTCBRA) is included as Eligible Activities as a Local Only Cost.

The following tables estimate the costs for Environmental Eligible Activities to be funded by tax increment revenues.

EGLE Environmental Eligible Activity Cost

<u>Eligible Activities</u>	Estimated Cost
Baseline Environmental Assessment	<i>\$18,700</i>
Due Care Activities	<i>\$61,500</i>

ENVIRONMENTAL ELIGIBLE ACTIVITIES TOTAL	<i>\$95,230</i>

MSF Non-Environmental Eligible Activities

MSF Non-Environmental Eligible Activities are included under this Brownfield Plan under the auspices of Act 381. The MSF Non-Environmental Eligible Activities include lead and asbestos abatement and demolition.

1. **Lead and Asbestos Abatement:** NESHAP regulations require a lead and asbestos survey prior to disturbance of commercial buildings to demonstrate Potential Asbestos Containing Materials (PACMs) do not contain asbestos by properly testing materials in accordance with OSHA standards. Demolition or remodeling buildings that contain lead, cadmium and/or asbestos is subject to regulations to protect the health of the persons that may be affected.

Monitoring	\$4,000
Abatement	\$170,000
Contingency (15%)	\$26,700
TOTAL	\$204,700

”

2. **Demolition:** In preparation for adaptive reuse, selective demolition of the interior of the former Kmart building is anticipated. In addition, site demolition is anticipated for the existing parking area and associated infrastructure. The scope of work includes engineering specifications, contractor procurement and site demolition and selective demolition of the interior of the former Kmart building.

Demolition	Total
Site Demolition	\$15,000
Building Demolition	\$410,000
Engineering/Inspections	\$8,000
Contingency (15%)	\$64,950

Other Activities

Brownfield Plan and Work Plan Preparation: The preparation and approval of the Brownfield Plan and Act 381 Work Plans are included as Eligible Activities. These costs are allocated between EGLE Environmental Eligible Activities and MSF Non-Environmental Eligible Activities.

Administrative and Operating Costs: An estimate of reasonable and actual administrative and operating costs of the Grand Traverse County Brownfield Redevelopment Authority (GTCBRA) is included as Eligible Activities for Local Only capture.

2.3 Estimate of Captured Taxable Value and Tax Increment Revenues ***MCL 125.2663(2)(c):***

Act 381 defines Initial Taxable Value as taxable value of an Eligible Property identified in and subject to a Brownfield Plan at the time the resolution adding that Eligible Property in the Brownfield Plan is adopted, as shown either by the most recent assessment roll for which equalization has been completed at the time the

resolution is adopted or, if provided by the Brownfield Plan, by the next assessment roll for which equalization will be completed following the date the resolution adding that Eligible Property in the Brownfield Plan is adopted.

The taxable value as of December 31, 2021 is **\$919,513**. As provided in this Brownfield Plan, the Initial Taxable Value will be established by the taxable value as of December 31, 2021.

The EGLE Environmental and MSF Non-Environmental Eligible Activity cost is \$794,880 and \$23,000 in Brownfield Plan/Work Plan Development, Approval and Implementation, for a total of \$817,880. The Brownfield Plan also includes GTCBRA Administrative and Operating Costs and capture of 50% of the State Education Tax for the State Brownfield Fund as required by Act 381, estimated at \$20,873 for this Brownfield Plan. The Brownfield Plan also provides for deposits into the Local Brownfield Revolving Fund for five years after capture, with State tax capture limited to an amount equal to State tax capture for EGLE Environmental Eligible Activities if available. LBRF deposits from local taxes are estimated at \$248,222. The overall investment for the Project is estimated at over *\$6 million*.

Table 2 identifies taxable values for real and personal property, including tax increment revenues for the Eligible Property. In addition, 3 mils are captured and distributed to the State for the State Brownfield Redevelopment Fund for the time period in which State taxes are captured for Environmental Eligible Activities. In accordance with Act 381, this share does not affect the State and local ratio. The cash flow analysis for the project indicates payoff of the obligation in *twenty-six (26) years* from 2022.

Redevelopment of the property began in Summer 2022, with initial asbestos abatement and selective demolition. The actual tax increment captured will be based on taxable value set through the property assessment process by the local unit of government and equalized by the County and the millage rates set each year by the taxing jurisdictions. The estimated tax increment captured by the Authority is summarized in the table below and detailed in Table 2.

2.4 Method of Financing and Description of Advances Made by the Municipality MCL 125.2663(2)(d):

Private Environmental Eligible Activity Costs and Non-Environmental Eligible Activity Costs will be financed by the Developer.

2.5 Maximum Amount of Note or Bond Indebtedness MCL 125.2663(2)(e):

The maximum amount of Eligible Activities is anticipated to be will be \$817,880.

2.6 Beginning Date and Duration of Capture MCL 125.2663(2)(f):

The anticipated beginning date of capture is 2024, estimated to be the first year tax increment revenues are available. The duration of Brownfield Plan capture will be the time to capture taxes in an amount equal to the Eligible Activity obligation, Interest, State Brownfield Fund, Local Brownfield Revolving Fund, and Administrative and Operation Costs. As shown on Table 2, total costs of all Eligible Activities on the property redevelopment are expected to be repaid through tax increment financing within 26 years.

2.7 Estimated Impact of Tax Increment Financing on Tax Revenues of Taxing Jurisdictions *MCL 125.2663(2)(g):*

Table 2.1 and 2.2 identify annual and total tax revenues projected for capture from the increase in property tax valuations. Individual tax levies within each taxing jurisdiction are also presented on Table 2.1. The taxing jurisdictions will continue to receive their tax allocation for the project once the Brownfield obligation is met and beyond the duration of the Brownfield Plan.

The total tax capture is estimated at \$794,880 for Eligible Activities, \$23,000 in Brownfield Plan development, approval and implementation, an estimated \$49,836 for Administrative and Operating Costs, an estimated \$20,873 for the State Brownfield Fund and an estimated \$248,222 for the LBRF for a total capture of \$1,136,811. After the Brownfield obligation is met, tax revenues in an amount estimated at \$146,941 per year on into the future.

OBSOLESCENCE

AFFIDAVIT OF AMY L DeHAAN

STATE OF MICHIGAN)

COUNTY OF GRAND TRAVERSE)

The undersigned, being first duly sworn, deposes and says:

1. I am certified as a Michigan Master Assessing Officer (MMAO) and am the assessor for the Charter Township of Garfield, Grand Traverse County, Michigan.
2. In my capacity as the Township Assessor, I physically inspected the building located at 1712 S. Garfield Avenue, Traverse City, Michigan on October 25, 2022 and have found this property to be functionally obsolete, in accordance with PA 146 of 2000, as amended, MCL 125.2781, based on its current condition in 2022.
3. The parcel number and legal description of the property included is as follows:

Parcel ID #28-05-014-049-20

1712 S Garfield Ave

SPLIT ON 03/30/2021 FROM 05-014-049-01; TO 05-014-049-20 & 05-014-049-30

4. The 87,345 sf (per assessment records) building was constructed in 1976 and has been vacant since 2017.
5. The building is a former Kmart, concrete block structure. In terms of functional obsolescence as defined in the Brownfield Act (PA 146 of 2000, as amended), I found the following upon inspection:
 - a. All mechanical systems (heating/cooling, electrical and plumbing) need to be replaced and/or updated to meet current standards:
 - i. Lighting is old fluorescent ballasts;
 - ii. Heating/cooling rooftop units are so old that parts cannot be found and some (that were not functioning at all) have been removed;
 - iii. Minimal, very old plumbing – condition of this system unknown. The building only has 2 restrooms, which is insufficient for multi-tenant use.
 - b. In terms of floor plan, the building was constructed as a big box store, with some of the outer areas sectioned off for various K-mart specific uses – uses which likely would not continue in the future.

In order to accommodate the proposed user, Traverse City Curling Club, Inc., and others in the remaining space, significant modifications will need to be made.

- c. There is an upper level mezzanine on the North end of the building that was previously used for offices and inventory storage which does not meet current building code requirements to hold people.
 - d. Within the former automotive center 2-3 lifts still remain, which are estimated to be as old as the building and likely will be removed.
6. Based on my knowledge of the property and the type of work needed to make the building viable in the current market, it is my opinion that the building meets the definition of "functionally obsolete" as defined in the Obsolete Property Rehabilitation Act, PA 146 of 2000, MCL 125.2782 and the Brownfield Redevelopment Financing Act, PA 381 of 1996, MCL 125.2652.
7. I have personal knowledge of the facts set forth above and can competently testify if called as a witness.
