Notice of Public Hearing

GTCHD is seeking public input for the adoption of the new proposed regulation

The Grand Traverse County Board of Commissioners will hold a public hearing to consider the adoption of the Grand Traverse County Regulation for the Evaluation of Onsite Water and Sewage Disposal Systems at the Time of Property Transfer.

The public hearing will be held on Wednesday, April 23, 2025, at 9:00 a.m. in the Commission Chambers located in the Governmental Center at 400 Boardman Avenue, Traverse City, Michigan.

The purpose of the public hearing is to receive public input regarding the adoption of the Grand Traverse County Regulation for the Inspection of Onsite Water and Sewage Disposal Systems at the Time of Property Transfer. All aspects of the Regulation will be open for discussion.

"A great deal of work was done through committees to consider a wide range of variables, ultimately resulting in the language presented in this regulation," said GTCHD Environmental Health Director Brent Wheat. "I'm deeply appreciative of the time and effort contributed by our partner agencies in this field, health department staff, elected officials, and neighboring health departments with inspection programs all of whom provided valuable guidance and perspective."

The proposed Regulation may be reviewed Monday through Friday at the Grand Traverse County Public Services Building, located at 2650 LaFranier Road, in Traverse City, in the Environmental Health Office of the Health Department during normal business hours, which is 8:00 a.m. to 4:30 p.m. from April 9, 2025, to April 22, 2025. The Regulation can also be examined on the Grand Traverse County Health Department website under [Environmental Health](#) through April 22, 2025.

Residents are invited to provide their views and comments either in person at the hearing or in writing by Tuesday, April 22, 2025. Written comments should be emailed to gtchd@gtcountymi.gov or submitted to:

Brent Wheat
Environmental Health Director
